

GCH Fostering Application Form

Have you ever considered fostering a junior or adult cat? Sometimes at GCH there are cats who need emergency, short-term or long-term fostering, before they are either returned to their owners or are put up for adoption. **If you live within 5 miles of Voo Vets at Worcester Park or Surbiton, have access to a car, work mostly from home and have no children under 8 and no dogs**, you may be the person for us. We would like to have a register of reliable fosterers whom we can call upon if the need arises. This may be at short notice!

Fosterers need to have cat experience, and preferably a spare room for the cat to have its own space. We would expect fostered cats to remain indoors. GCH will pay for food, pen, litter and any medical treatment.

We shall need to know some background details about you, so we can see what sort of fostering might be best for you. We would like to see a photo or video of the cat's room' as well please! We would then like to meet you in person to see that we can work well together.

If you are interested, please fill in the form below and email it to us at Team@gingercathouserescue.co.uk. Even if you are already home checked for adoption and on the cat or kitten list, we would ask you to fill in this form separately*.
